MYANMAR: Cluster Objective 1 – Life-saving food assistance to IDPs, IDP returnees and Stateless people

January to December 2025

** Figures on this static dashboard reflect all humanitarian interventions, including the earthquake response.*

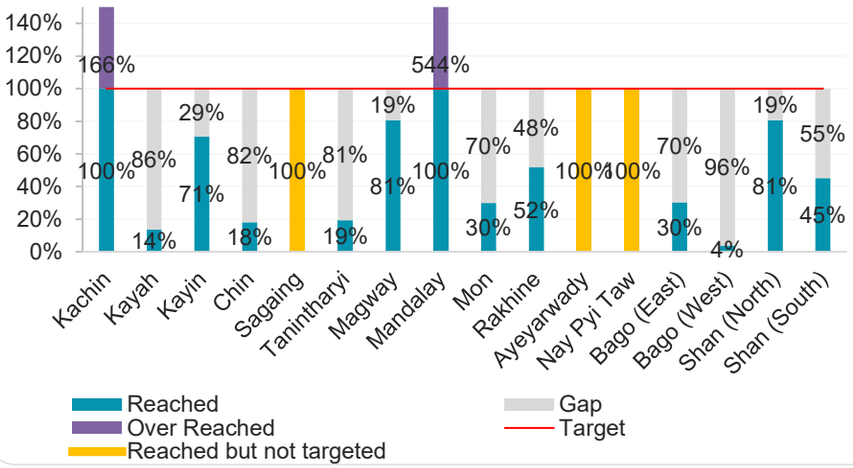

MYANMAR FOOD SECURITY CLUSTER

Highlights

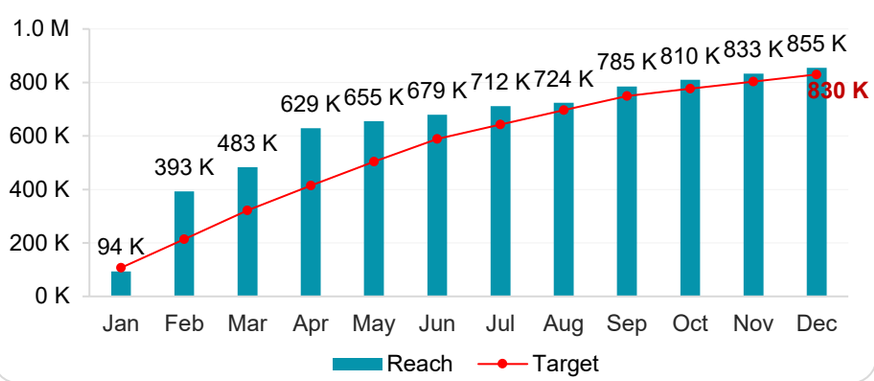

- A total of 66 townships were reached with life-saving food assistance out of the 133 townships targeted, supporting IDPs, IDP returnees, and stateless populations.
- By the end of 2025, CO1 exceeded its annual target, reaching 103% achievement against planned figures.
- An additional 47 townships, which were not originally targeted under CO1, were successfully reached, and 23 of these townships surpassed their planned targets.
- However, 67 targeted townships remained unreached, and 29 of the initially targeted townships achieved less than 50% of their planned targets.
- The total CO1 shortfall stands at approximately 580,000 targeted beneficiaries, while 223,000 beneficiaries were reached above the planned target.

Total Numbers of Partners (reporting and implementing) **67**

MYANMAR: Cluster Objective 2 – Life-saving food assistance to other crisis-affected people (OCAP)

January to December 2025

** Figures on this static dashboard reflect all humanitarian interventions, including the earthquake response.*

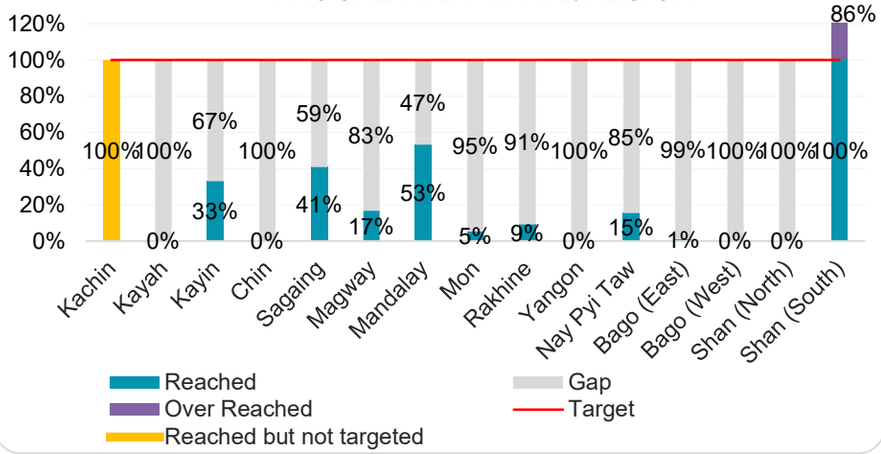

MYANMAR FOOD SECURITY CLUSTER

Highlights

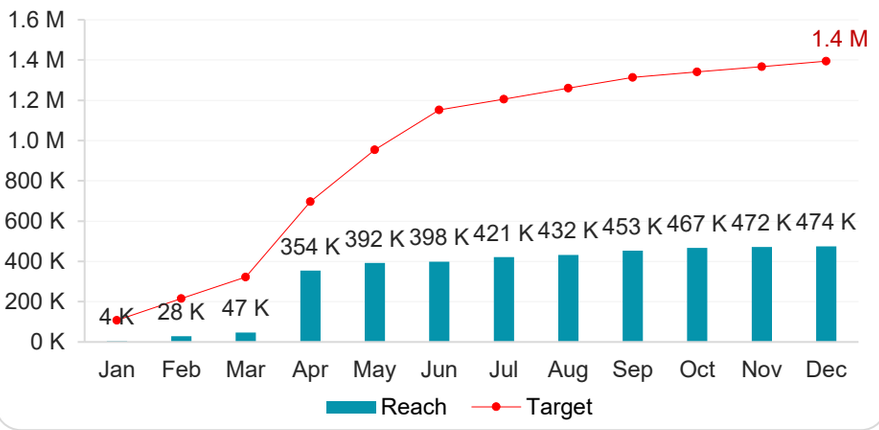

- A total of 54 townships were reached out of the 247 townships targeted for life-saving food assistance to crisis-affected non-displaced populations.
- CO2 achieved only 34% of its annual targets, reflecting low performance due to the prioritization of assistance for displaced people over non-displaced groups, further compounded by funding cuts.
- Approximately 127,000 beneficiaries were reached beyond the planned targets in 14 townships across Sagaing, Mandalay, Magway, Shan (South), and Naypyitaw.
- 193 targeted townships remained unreached, and 31 townships initially planned under CO2 achieved less than 50% of their intended targets.
- An estimated 1 million targeted non-displaced people did not receive any food security assistance, underscoring a significant response gap in meeting life-saving needs.

Total Numbers of Partners (reporting and implementing): 41

MYANMAR: Cluster Objective 3 – Life-saving food production assistance to all population groups

January to December 2025

** Figures on this static dashboard reflect all humanitarian interventions, including the earthquake response.*

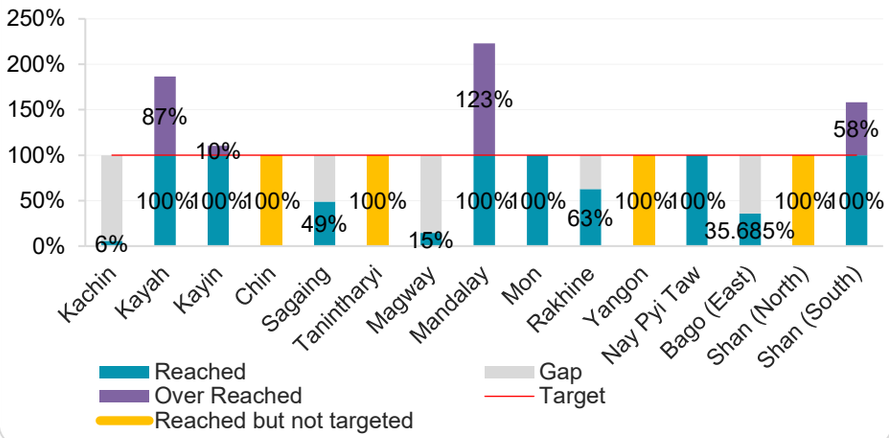

MYANMAR FOOD SECURITY CLUSTER

Highlights

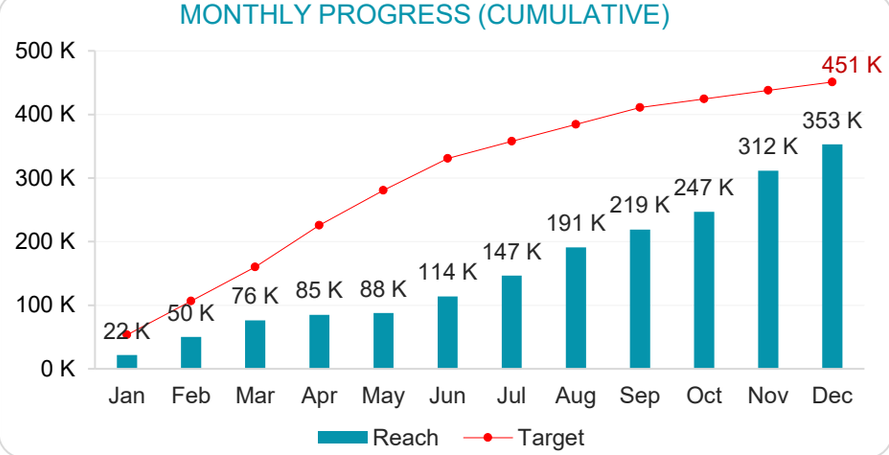

- A total of 33 townships were reached out of the 48 townships targeted for life-saving food production assistance.
- By the end of 2025, CO3 had achieved 78% of its annual targets. An additional 53 townships, not initially targeted under CO3, were successfully reached across several states and regions.
- Approximately 127,000 individuals were reached beyond the targets in 15 townships across Sagaing, Mandalay, Rakhine, Shan (South), Bago (East), Kayah, and Kayin.
- However, 15 targeted townships remained unreached, and 17 of the targeted townships under CO3 achieved less than 50% of their planned targets.
- An estimated 306,000 targeted beneficiaries did not receive life-saving food production assistance, underscoring a significant response gap in meeting life-saving needs.

MYANMAR: Food Security Response Snapshot – Development actors *

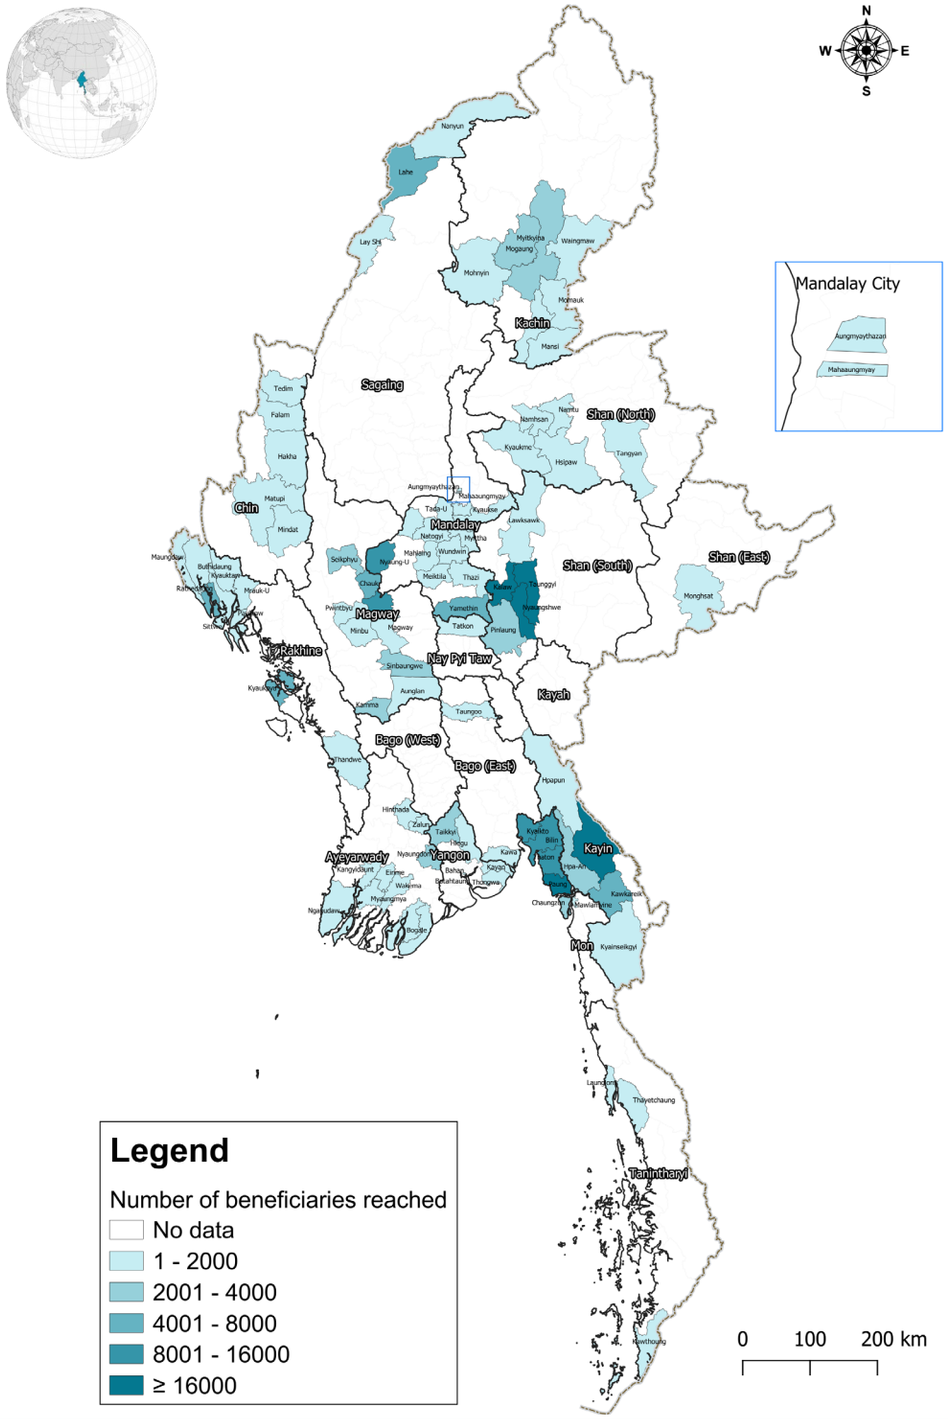

January to December 2025

** Development-focused activities are excluded from HNRP reporting as they are outside the scope of the response plan.*

MYANMAR FOOD SECURITY CLUSTER

MAP OF BENEFICIARIES BY TOWNSHIP

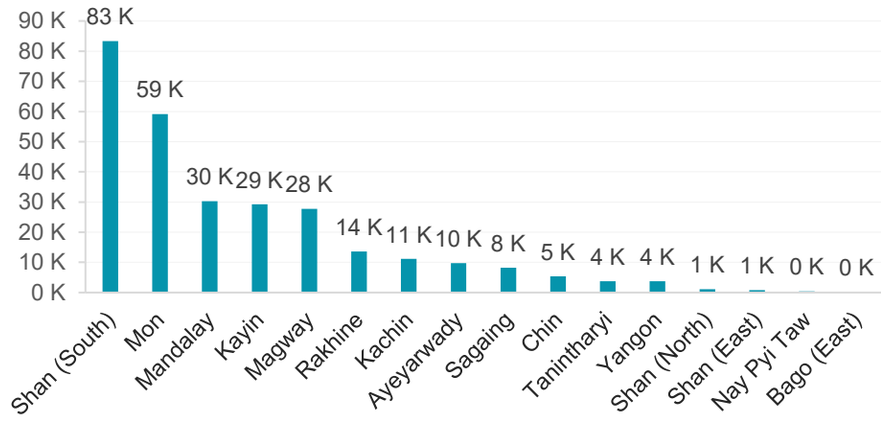

By the end of 2025, approximately 288,104 beneficiaries had received development-focused food security assistance delivered by 41 partners. In terms of beneficiary reach, the three largest intervention areas were food and cash-for-work activities, the distribution of agricultural kits—including crop, vegetable, and seed packages—and the provision of social safety net inputs. Across Myanmar, the States and Regions with the highest number of beneficiaries reached were southern Shan, Mon, and Mandalay.

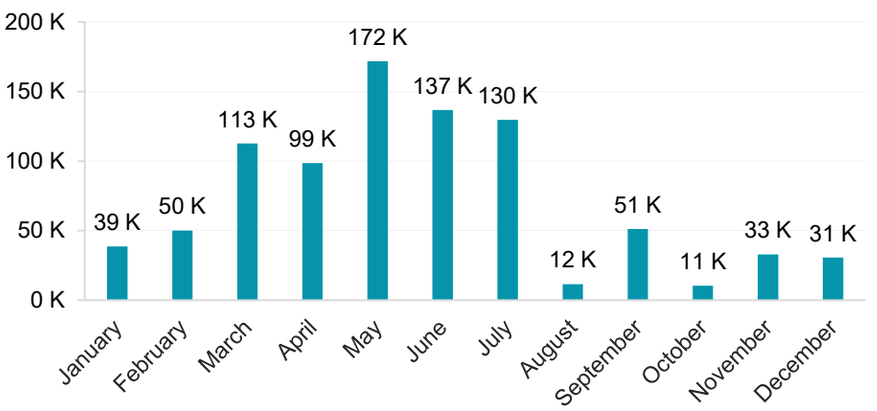

BENEFICIARIES BY ACTIVITIES

Food/Cash for work/assets	160,029
Agricultural kits (crops, vegetables, seeds packages)	64,910
Social safety net	16,178
Distribution of agricultural kits (forestry)	12,684
Farmer Trainings	6,727
Income generating/small grants	5,633
Vocational Training	4,795
Distribution of livestock kits	3,814
Cash for livelihoods	3,730
Nutrition Sensitive Kits	3,225
Village saving and loan supports	2,176
Livestock treatment & vaccination	1,952
Provision of fishery kits	1,452
Provision of community infrastructure and equipment	799
